

PLANET ARCTIC: LIFE AT THE TOP OF THE WORLD

A celebration of the magnificent and unexpected world of the Arctic. The Arctic, the mystical lands north of 60 degrees, is a cold and forbidding place that is covered in ice and snow for most of the year. Yet each spring the Arctic becomes a land of unforgettable beauty, when a profusion of life explodes across the entire landscape. The Arctic is so different from the more temperate regions of Earth that author and photographer Wayne Lynch presents...
