Peek Inside the Book

We see the world and our words in one impression, as if we're looking at a forest through a green filter. We can't see what's really green and what's not. If we were to walk around with the filter in our eye long enough,...

Reader's Opinions

Read this if you have great performers in your company who think they're great, but also secretly think others are not great . . . Such a company needs to evolve to understand how everyone in the "tribe" can say: "We're great." The basic message here is compelling, but it is so involved in dubious philosophical / psychological...

This book, ironically, was required reading for a place I formally worked which I would classify as strongly "stage 2" or "stage 3." I really enjoyed not only the material of this book, which seemed very well researched and...
