Reader's Opinions

First story was great. Both characters showed great development and growth. I really enjoyed it. But I didn't like the second story at all. I found it predictable and a little insulting to female intelligence. The male character acted like a Neanderthal.

3.5 stars. This was good and Nora Roberts is always one of my favorites but I did feel this was a little bland and a little underdeveloped. It was a good and easy read though and the characters, as always, were great.
